

EDI Vendor/Clearinghouse Disclaimer

The Vendor/Clearinghouse list provides contact information about software vendors whose TRICARE Electronic Data Interchange (EDI) capabilities have been approved by PGBA, LLC. Vendors must be approved through the TRICARE EDI testing process or have at least one provider who submits live TRICARE claims electronically through their system.

We provide this list of vendors solely for your convenience and not as a recommendation by BlueCross and BlueShield of South Carolina, PGBA, TRICARE or the Health Care Financing Administration. Providers and vendors must make specific financial and service arrangements between them. PGBA will not be a party to any such arrangement. The listing is updated periodically and is subject to change between publications.
